Faith Covenant Reaffirmed During Scottish Interfaith Week

Representatives from faith communities and partner organisations across Dundee met with the city's political leaders during Scottish Interfaith Week 2026 to reaffirm their commitment to the Faith Covenant.

Originally signed in 2023, the Covenant seeks to strengthen relationships between faith communities, partner organisations and Dundee City Council, promoting mutual understanding, respect and partnership working. It recognises the important contribution faith communities make to civic life while affirming commitments to religious freedom, equality, inclusion and constructive engagement in public life.

The Covenant was developed following a series of Faith Leadership events coordinated by Dundee City Council and Faith in Community Dundee, which brought together faith and political leaders to identify shared priorities and establish a steering group. Their work led to the signing of the Covenant in 2023.

At a gathering in City Square, faith leaders, including Bishop Andrew and Rev Lynn Davidson, senior councillors and community partners re-signed the Covenant and received updates on the collaborative work that has taken place in recent years. The reaffirmation marks a renewed commitment to working together for the benefit of communities across Dundee and ensuring the partnership continues to grow and develop in the years ahead.

Concert in Aid of the Stroke Association

It was wonderful to see St Paul's Cathedral filled on Saturday evening for a concert by Finlay McKillop and Friends in aid of the Stroke Association. The audience enjoyed an outstanding programme of music, and the event proved to be a tremendous success, raising more than £6,000 for the charity. Congratulations to all the performers, and thanks to the many people who worked behind the scenes to make the evening possible. The concert was a fine example of the community coming together to support an important cause.

Sustainable Travel Grant: Funding Available for Churches

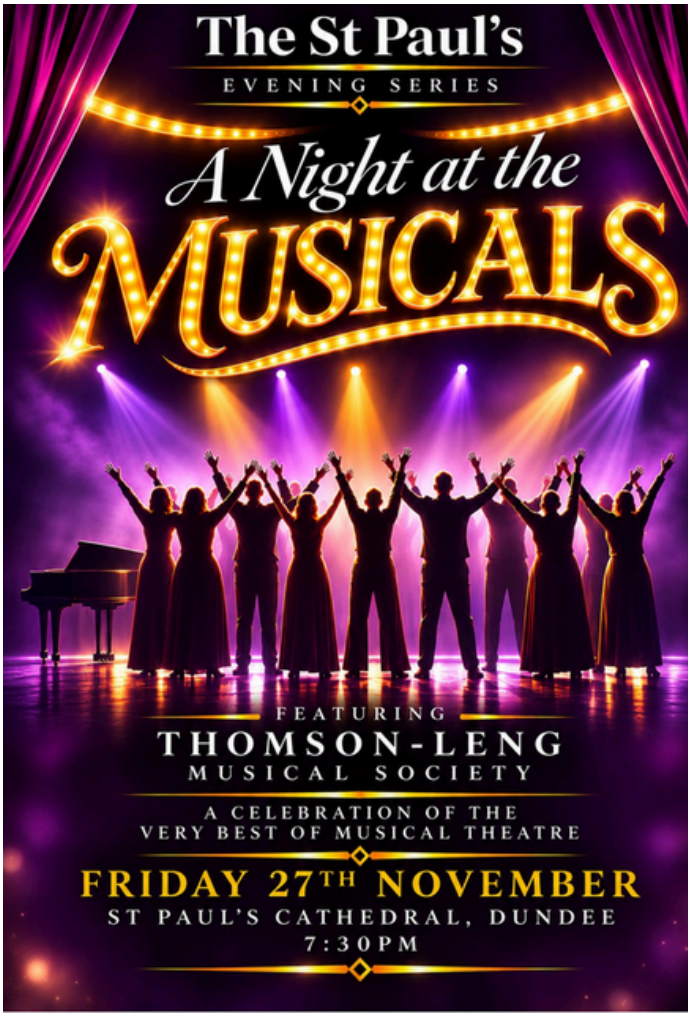

Did you know that the Scottish Episcopal Church's Sustainable Travel Grant offers up to £1,500 to support churches in making travel to church and church-related activities more sustainable? This is an excellent opportunity for congregations looking to support the SEC's commitment to environmental stewardship while making church life more accessible to their communities.
